

Medicaid Members can receive assistance connecting to social needs services

If you are enrolled in Medicaid and you or your family are looking for support with food, transportation, or housing, there may be help available to you.

Medicaid Members can reach out to WeLinkCare by FLIPA to discuss their social needs. For those who may benefit from additional supports, you may work with a navigator to get connected to the services that are right for you, depending on health status and need.

Navigation Services can include:

Nutrition

Housing

Transportation

Employment

Education
